## Man Returned From 'Frisco To Face Shopbreaking Charge

Charged with a shopbreaking which occurred four months ago, Joseph Ivanchuk was committed for Supreme Court trial after a preliminary hearing before Magistrate Miller here today.

Defense counsel reserved plea and bail was set at \$2,000. Delay in laying the charge was caused by the fact that Ivanchuk had to be returned from San Francisco where he had gone soon after the mid-October breaking and entering.

He is accused of forcing the garage of John Young, 10611 83rd avenue, sometime during the night of Oct. 15. Young told court that on the morning of Oct. 16 he found the car on his garage doors open and his 1947 sedan missing.

In a statement read to court, Ivanchuk said that an acquaintance had offered to drive him to California early Oct. 16 in his own car. It was not until they were outside the city limits that he learned the car was stolen. He then jumped from the moving vehicle, leaving his suitcase behind. He added that he hitchhiked from that point on to San Francisco.

Police said they have not been able to find the acquaintance, whom Ivanchuk named as "Lawrence Larkin".

Police said they have not been able to find the acquaintance, whom Ivanchuk named as "Lawrence Larkin".

# Taxi Dispute To Arbitration

George B. Henwood, K.C., had attempted at conciliation of a provincial arbitration board to deal with the dispute between approximately 80 union taxi drivers and Yellow Cab Co. Ltd.

Other members of the three-man board are, Herbert G. Turner, representing labor and Harold Howe, representing the Yellow Cab Co. Ltd.

Dispute went to arbitration after failed attempt at conciliation of a provincial arbitration board to deal with the dispute between approximately 80 union taxi drivers and Yellow Cab Co. Ltd.

It is expected that sessions of the board will start within the next few days.

# Florists Meet Here Thursday

Annual meeting of Edmonton florists will be held in the Macmillan Temple on Thursday, starting at 8 p.m.

Florists are members of the Edmonton branch of the Allied Florists and Growers' Association.

# Pomp and Ceremony Open 11th Legislature

First session of Alberta's 11th legislature will open Thursday with all the fanfare traditionally associated with British parliamentary openings.

Lieutenant-Governor J. C. Bowen, escorted by armored scout cars of the 19th Armored Car Regiment, will arrive at the legislative buildings while guns of the 20th Heavy Anti-Aircraft Regiment boom out 15 times in salute.

The Lieutenant-Governor will be greeted by a Guard of Honor of 80 members of the University of Alberta's Canadian Officers Training Corps.

Speech from the Throne will be read by His Honor after the traditional ceremonies of naming a

# Flower Folk Meet Thursday

Monthly meeting of the gladiolus section of Edmonton Horticultural Society will be held Thursday at 8 p.m. at 9093 102 avenue. Films on insects and fertilizers will be shown.

# Scouts Plan Concert Here

Concert to mark Boy Scout-Girl Scout Week in Edmonton will be presented at Christ Church parish hall Feb. 22 by the 25th Edmonton Scout Troop.

# JOYRIDER GOES TO JAIL

John R. Eaglesham of Victoria, B.C., will have three months in jail here to dwell on his momentary folly of taking another person's automobile without consent.

He was sentenced when he appeared before Magistrate Miller in police court today after he pleaded guilty to the charge of joyriding.

Accused admitted that he had been drinking the night he took the automobile, but he took the car right back after a trip to the downtown hotel.

A constable spotted Eaglesham as he started to drive away from the downtown hotel Feb. 7 and arrested him.

Differences of opinion between the city commissioners and Professor Burgess on location of structures on the civic centre is a major factor in the tendering of the resignation.

He complains that "administrators of the city are obviously putting a very different interpretation upon the purpose and effect of a town planning commission as required by the Town Planning Act".

The town planning act imposes on the commission the duty of preparing plans and schemes for the development of the whole or any parts of the city.

Professor Burgess complains that major matters, radically affecting the plan of the city, are discussed and decisions made entirely without the knowledge of the commission, and without any reference being made to that body.

# \$20,000 FOR BIBLES FROM NORTH ALBERTA

More than \$20,000 was forwarded from Northern Alberta during 1948 to the British and Foreign Bible Society to provide a world need of 48 million copies of the Bible.

This was announced Tuesday, by the Rev. E. J. Hager, district secretary of the North Alberta Auxiliary British and Foreign Bible Society, speaking at the 21st annual meeting of the auxiliary.

"But we are conscious of a long road before us," he said, adding that the total amount received from all sources of branch activities was \$17,700 less than that raised in the previous year. Bible sales reached a record high.

There are now 258 active branches in the auxiliary. A talk on the annual meeting in London of the parent society was given by the Rev. L. W. Schell, district secretary of the North Saskatchewan auxiliary.

Officers elected at the meeting, which was presided over by the vice-president, Mrs. W. J. Melrose, were: Lt.-Governor J. C. Bowen, president; K. W. Harker, president; W. J. Melrose, vice-president.

# Teaching Setup Ires Speaker at CCF Meet

Teachers today have a job to do, both inside and outside the classroom, said T. D. Baker, Edmonton teacher, in a speech at a CCF meeting here Tuesday night.

Teachers themselves must set forth the things which they see in education, he continued in his talk, "Education? We Are Cheating the Taxpayer." They should tell the public what they are doing.

Only a minority of the children in Canada can receive proper education under existing conditions. The double shift system which operates in grade one in Edmonton deprives the child of much academic and extra-curricular education, he contended.

Mr. Baker expects that the double shift system will grow to include grade two within a year, and that the public should know of the detriment this causes to the child.

When teachers leave their profession at the present rate there is something wrong with that profession, Mr. Baker said. Canada is 10,000 teachers short at present, although more than enough were educated to fill the positions.

Teachers must be well educated, understanding and intelligent. Mr. Baker made four suggestions for amelioration:

Higher standards of certification,

Cecil S. Burgess, chairman of the Edmonton Town Planning Commission, has tendered his resignation to city council.

His reason for resigning is that "the commission's proper function is being circumvented and its usefulness reduced to relatively insignificant."

The resignation probably will be considered at the special meeting of council called for Monday night to deal with civic center plans.

Differences of opinion between the city commissioners and Professor Burgess on location of structures on the civic centre is a major factor in the tendering of the resignation.

He complains that "administrators of the city are obviously putting a very different interpretation upon the purpose and effect of a town planning commission as required by the Town Planning Act".

The town planning act imposes on the commission the duty of preparing plans and schemes for the development of the whole or any parts of the city.

# Auditorium for Everybody

The surest way the committee appointed to promote the erection of a civic auditorium can kill that project dealer than a mackeral with a mackerel to use to a single section of the community.

The auditorium, if it is to gain the approval of citizens and taxpayers, must serve everybody. It must provide facilities for every community function of Edmonton life.

That is why the apparent tendency on the part of the present committee to press for a structure that will accommodate only musical and dramatic presentations is heading the project towards failure.

It was this stressing of such features to the exclusion of everything else that contributed to the defeat of the auditorium bylaw in 1947.

Coupled with the lack of definite information, this emphasis on cultural purposes led a great many Edmonton people to the belief that only a part of the community was to be served by the proposed building.

The Edmonton Bulletin is enthusiastically and emphatically of the opinion that a completely equipped auditorium of the theatre type is desperately needed in this city.

Both the people of Edmonton themselves and the tourists who bring money to the city.

**Duplessis Blames the Press**

It is hard to reconcile the well-known discernment of Premier Maurice Duplessis of Quebec with his childish outburst against the press, and his equally childish "disorder, Communism and sabotage."

Mr. Duplessis says that Canadian newspapers do not realize the menace of Communism. He says: "They are sleeping, they are dreaming."

If the menace of Communism is serious, as Mr. Duplessis says and with which we emphatically agree, what service could the newspapers perform for the public by suppressing the facts of Communist activity in this country?

Or, to invert that sentence, what better service could the newspapers perform for Communism than by keeping its activities a secret from the Canadian public?

What Mr. Duplessis says is that the greatest safeguard to freedom and democracy in this country is not laws and legislatures, politicians and police forces, but a free and enlightened public opinion.

Communism is not something to be rejected by a parliament, but by a people. But printing all the news of "disorder, Communism and sabotage," the press of Canada arms the people against these very things.

The security lies in enlightenment. And the press contributes largely towards it.

**Unpleasant Generation of Snoopers**

The avid and unhealthy curiosity that gawks and gapes at every social act of the Princess Margaret Rose is beginning to make this generation look like an unpleasant set of snoopers.

Last Sunday the Princess visited friends in Sussex. By Monday the press of the Commonwealth was filled with speculations that she had lost her heart to the son of her host.

It is natural that the people of the Empire should be curious in the affairs of every member of the Royal House.

**Itinerating Supreme Court**

Stanley H. McCaig of Edmonton, president of the Canadian Bar Association, makes an interesting and profitable suggestion in Halifax that the supreme court of Canada should become an itinerating court and hold sittings in all provincial capitals as well as in Ottawa.

His contention is that the cost to litigants would be lessened if they did not have to pay the expenses of counsel to the national capital.

**SLOWING UP BUSINESS**

**Some Effects of the Excess Profits Tax**

By E. C. ERTL

In the financial times of the present, it is not surprising that the United States may serve to bring the question to the fore in Canada.

This particular impost has such an attractive name for so many people that politicians can always be found to say that it is the kind of thing that "hurts" the fewest, and corporations of course do not vote.

The Canadian tax outlook is not bad, from the point of view of the taxpayer who seeks relief and wants to know why he should not have it sometime next Spring.

the city require proper accommodation for theatrical and musical productions.

But this is not the entire picture. It is not even half the picture.

The structure that most people have in mind is one that will accommodate, not only theatrical and musical events, but every organization with community-minded objectives that requires a meeting place.

There are dozens of such groups in this city that have to shop around and beg charity space every time they want to hold a meeting.

The auditorium should provide a network of rooms and halls sufficient to make the room and meeting room for every worthy group.

There should be places for large and small conventions. There should be rehearsal rooms and meeting rooms for every worthy group.

In other words, the auditorium should offer something for everybody.

It is true that such a building will cost more than a simple theatre. But cost, within reasonable limits, is not a factor when the service of all the community is concerned.

An intelligent public would sooner pay two million dollars for something every body can use than one million dollars for something only part of the people can use.

**Terrible Service**

ter service could the newspapers perform for Communism than by keeping its activities a secret from the Canadian public?

What Mr. Duplessis says is that the greatest safeguard to freedom and democracy in this country is not laws and legislatures, politicians and police forces, but a free and enlightened public opinion.

Communism is not something to be rejected by a parliament, but by a people. But printing all the news of "disorder, Communism and sabotage," the press of Canada arms the people against these very things.

The security lies in enlightenment. And the press contributes largely towards it.

**Stupid Hatred**

Editor, Bulletin—German singer, Erna Sack, was singing for the British troops as well as Americans, after her parents were killed by British bombers.

Sixteen years old, she was used by the British in underground work, condemned to death by the German government.

If Barbara Anson on European tour she will bring from Western Germany ten times that much money home, as Erna Sack will get in Canada.

This isn't only stupid and narrow-minded. It's hatred. It's foolish to talk such stuff.

DEVON, ALA. EX-FIGHTER.

**Tenants' Racket**

Editor, Bulletin—It is becoming more and more of a puzzle to the small landowner who rents to rent in order to protect himself.

No matter how the landlord tries to protect himself, the tenant is always getting away with his property. It is a racket.

He is threatened by a remark that he'll tell the rent collector he is paying more than the rent, and that it is the tenant's business to pay more.

So what somebody who has to figure out whether it is cheaper for Mohammed to go to the mountain or to have the mountain carried to Mohammed.

**Some Effects of the Excess Profits Tax**

By E. C. ERTL

In the financial times of the present, it is not surprising that the United States may serve to bring the question to the fore in Canada.

This particular impost has such an attractive name for so many people that politicians can always be found to say that it is the kind of thing that "hurts" the fewest, and corporations of course do not vote.

The Canadian tax outlook is not bad, from the point of view of the taxpayer who seeks relief and wants to know why he should not have it sometime next Spring.

It has been indicated more than once that substantial contributions to the war effort have been made by the heavy foreign loan demands made to the increase in defense expenditures at home, could reduce the value surplus sufficiently to make it unavailable for real tax cuts.

If that happens, anything else may happen. One of the things that will be suggested may be the excess profits tax. According to those who advocate it, it would make things so very easy.

WHO ARE YOU NURSING?

THAT RADIO CROONER WHO GOT HURT IN A BOBBY-SO-CRUSH. HIS FRIGHTFULLY POPULAR GOT A BLOWN TIE, FIVE CRACKED AND FRACTURED CLAVICLE AND CONCUSSION OF THE BRAIN

PHILPOTT

Some people say that Canada does not need a Bill of Rights because such things are only a waste of time.

One clever young man writes: "Look at the Negro in the South. I don't read the Bill of Rights in the American Constitution."

Of course, the American Negro does not have in fact the rights which in theory he is supposed to have under the U.S. Constitution.

But each year more Negroes have more rights because of the rights which in theory he is supposed to have under the U.S. Constitution.

The walls of prejudice are falling down, and what is written in the U.S. Constitution is the barrier that is doing the job.

**Thirtieth Articles**

There are thirty articles in the Universal Declaration of Human Rights passed by the UN Assembly on December 10, 1948.

There is probably not a single country in all the world where all those rights are applied to all people. There are some countries where some of the rights are tragically ignored.

Yet there is a country in the world where the poor, the down-trodden, the oppressed, will not gain strength and will not rise because of their country's situation.

Because Canada decided to embody the Human Charter as part of the basic law of the country, we could do this by asking the British and American governments to live the North American Act to include the Human Charter as a part of their laws.

But the minute the Human Charter became a part of the law of Canada, instead of just a fine sounding statement to which our delegates at UN had agreed, things would begin to happen in Canada.

I once supported a delegation of Canadians whose fathers had been driven from India. They were the B.C. cabinet for the right to vote (which granted) that in the course of a masterly bribe, a brilliant young Sikh outlined no

**Good chance to make a little easy money.**

It has been this way for a long time. I have seen many a man who has heard his side of the story. This is what many people would call the first signs of dictatorship.

All I can say is that when tenants are getting to hold their racket as to talk their court cases in the streets and even go so far as mentioning names of judges, landlords, certain talks they have had with Mr. so and so, their lawyer and Mr. so and so, from the rent collector, and that they have been in court for a certain judge previous to the hearing, I think this is going a little too far.

A DISGUSTED TENANT AND LANDLORD.

**Subscriber Since 1899**

Editor, Bulletin—On receiving my Monday, Feb. 7th, edition of The Edmonton Bulletin, I read that Mr. William of 1948 took the Bulletin for 48 years.

I can go one better than that as I started to take The Bulletin in April, 1900. We left London, England, and came straight to Edmonton and stayed for some time at the Jasper Hotel.

Since coming to the Coast I have still been a subscriber. The Bulletin has been a great help to me in my work. I have been in the business for two years when I received my copy from Wilson's New Strand (Granville St.), and I am still on my mailing list.

Until coming to the Coast I was a subscriber to the Bulletin.

**Defends Materialism**

Editor, Bulletin—By your Saturday editorial, it seems questionable that the church in Hungary should enjoy a privilege which it does not enjoy in Canada.

But the minute the Human Charter became a part of the law of Canada, instead of just a fine sounding statement to which our delegates at UN had agreed, things would begin to happen in Canada.

I once supported a delegation of Canadians whose fathers had been driven from India. They were the B.C. cabinet for the right to vote (which granted) that in the course of a masterly bribe, a brilliant young Sikh outlined no

**Good chance to make a little easy money.**

It has been this way for a long time. I have seen many a man who has heard his side of the story. This is what many people would call the first signs of dictatorship.

All I can say is that when tenants are getting to hold their racket as to talk their court cases in the streets and even go so far as mentioning names of judges, landlords, certain talks they have had with Mr. so and so, their lawyer and Mr. so and so, from the rent collector, and that they have been in court for a certain judge previous to the hearing, I think this is going a little too far.

A DISGUSTED TENANT AND LANDLORD.

**Subscriber Since 1899**

Editor, Bulletin—On receiving my Monday, Feb. 7th, edition of The Edmonton Bulletin, I read that Mr. William of 1948 took the Bulletin for 48 years.

I can go one better than that as I started to take The Bulletin in April, 1900. We left London, England, and came straight to Edmonton and stayed for some time at the Jasper Hotel.

Since coming to the Coast I have still been a subscriber. The Bulletin has been a great help to me in my work. I have been in the business for two years when I received my copy from Wilson's New Strand (Granville St.), and I am still on my mailing list.

Until coming to the Coast I was a subscriber to the Bulletin.

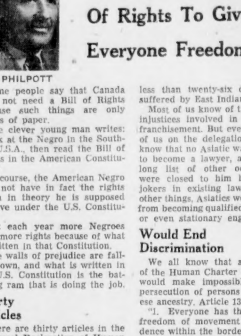

**Defends Materialism**

Editor, Bulletin—By your Saturday editorial, it seems questionable that the church in Hungary should enjoy a privilege which it does not enjoy in Canada.

## Newfoundland Union Delay Voted Down

OTTAWA, Feb. 16.—(CP)—The Commons last night swept aside two motions which might have delayed the long-awaited union of Canada and Newfoundland.

By a vote of 127 to 66 the chamber blocked a thrust by George Drew, Progressive Conservative leader, which would have required the government to consult with the provinces before adding the United Kingdom parliament to amend the British North America Act and give full force to the political alliance.

### ANOTHER BIG VOTE

By another whacking vote of 191 to 12, it rejected a second move by a private member—Wildif La-Croix (L-Quebec-Montreal)—which would have gone a step further and specified that the provinces must "consent" to the union.

Both were appended to the main government motion to ask the United Kingdom parliament to pass an act amending the BNA Act—Canada's constitution—to complete the union.

The amendments developed in two days of rough-and-tumble debate over the ticklish constitutional question of whether the provinces should be given a say on changes that the Dominion proposes to seek in the BNA Act.

### ADJOURNED BY KING

As the votes were recorded, Sir John William Lyon Mackenzie King, the former prime minister, who presided over the early union negotiations, said he could not allow the issue to end without saying "a few words on this all-important question of the union of Newfoundland and Canada." He adjourned the debate until tomorrow.

## Prison Deaths In Japan Told At War Trial

YOKOHAMA, Feb. 16.—(RUP)—A former Canadian war prisoner testified before the war crimes commission yesterday that more than 60 of his fellow countrymen died in northern Honchu prison camps from pneumonia, dysentery and overwork during the winters of 1942 and 43.

Maurice McCarron Harvey of New Brunswick, testified at the trial of 27 Japanese guards and workmasters charged with beating and working to death war prisoners in a steel mill.

Harvey said more Canadians than Americans died in the four prison camps in which he was confined.

## Select Settlers Per Day At Edmonton Creche

The "Littlest big day nursery" in the city for children of pre-school age has an average daily attendance of 70 children, according to a report released by the matron, Miss Mary Myers. Hours of the Edmonton Creche and Day Nursery Society, 1020 30 St., are from 7:30 a.m. to 6:30 p.m. daily except Sunday and holidays. Its facilities are particularly broad by the working mothers, though available to every one. Children are served a full course hot meal at 11:00 a.m. and sandwiches and milk at 3:30 p.m. They are divided into groups for play and kindergarten activities according to their abilities and aptitudes. Kiddies under three years of age play under the watchful eyes of qualified supervisors. Children between 3 and 6 years of age attend kindergarten classes which include dancing, singing, reading, coloring and handicrafts, and all children have their regular rest periods.

Special attention is given to children who have difficulty adjusting themselves to group activities and sharing. Cook liver oil, iron tonic and inoculations are given when required. Little extras like nappies, bottles, diapers and so on are supplied free of charge by the Creche Society. A small charge is made to help defray expenses but the very nature of the service provided makes an outside source of income imperative. The Creche Society is only one of the twenty-seven organizations which benefit by your contributions to the Community Chest and whose service continues month in and month out year after year. (adv.)

# Remember Ducey vs. Timmins?

By STAN MOHER, Sports Editor

## Remember Ducey vs. Timmins?

It was just about a year ago the papers were saying that a high class rhabarb was in the works on account of "Sad Sam" Timmins, of the Calgary Buffaloes, had it in mind to snitch ace second-baseman Bill Price from Edmonton Eskimos.

The rhabarb developed, too . . . with John (Off the Record) Ducey taking up the cause on behalf of Eskimos, and in the end, scoring a clean-cut committee-room kayo at the expense of the ebullient Mr. Timmins.

Of course there were those skeptics who took the Ducey-Timmins outburst lightly. They viewed it as little more than a publicity stunt, one calculated to bring on a rush of business at the box-office.

Actually the whole thing was pretty much the McCoy. Before it had been established to the satisfaction of all (well nearly all) that Price would continue his keystone efforts on behalf of Eskimos even Henry J. Roche, then president of the Big Four had been raked over the coals by the aroused Timmins.

"Roche is just a stooge for Ducey," the unhappy one (particularly when the hot dogs aren't moving at Buffalo Stadium) thundered.

## Mr. Roche Cracked Whip

In the end Mr. Roche, by no means happy about such accusations, had the last word. At a particularly stony meeting, one that saw the league head pounding the table angrily with fist as he called on Timmins to explain why he was making statements to him, the general manager of Buffaloes pulled in his horns.

Forthwith an uneasy "peace" was established. Of course this is water under the bridge except that any one who reads the papers now will be saying that Price is headed for the Buffaloes.

This time there is a good chance the move will come off. For one thing the boy is a free agent, having attained this status following the 1948 season, one that saw him play a prominent role as Eskimos swept to the Big Four title.

For another he's carrying around a "Buffaloes" contract in his pocket. He admitted as much yesterday, also admitted that as yet he hadn't affixed thereto the Price signature.

## But Do We Get O'Connor?

"It's a fine offer . . . one that's going to be hard to turn down," he pointed out. At the same time he explained that he had about exhausted job possibilities locally.

Price's going—if it materializes—will pose a problem for Eddie Morris, or whoever winds up managing the Eskimos.

At the same time there's every likelihood that one or other of the local entries ("The Cubs are still in the league," Frank Wolfe) will acquire Des O'Connor, Buff third-sacker over the past two seasons.

Price's going into business here, naturally doesn't relish the prospect of having to dash down to Cowtown nightly to get in on a ball game. What's more he's had Timmins' verbal assurance that a release will be forthcoming—if he can line himself up with an Edmonton club.

So far neither Eaks nor Cubs have made any overtures.

"We can't even speak to O'Connor," Ducey maintains. "League regulations won't permit it unless he has a written release."

To which O'Connor has no been heard to reply: "I don't know whether or not Ducey is allowed to speak to me. I am certain, however, that he doesn't bother to."

Meaning what, Des, meaning what?

## Thomas Rates WCHL Superior To WHL

By Jim Algoe

Take it from a man who could know, the team that wins the marbles in the Western Canada Hockey league will have no trouble making the measure of the Western International loop representatives along the trail that leads to the Allan Cup.

The man in the know is Eddie Thomas, considered one of the junior prospects heretofore a few years back, who played with Spokane Flyers, Western International League leaders, until he suffered a broken leg last winter some weeks ago.

**PICKS TRAIL**  
In that Spokane is not eligible to play in Allan Cup competition Thomas picks Trail to represent the Tar-western loop. He gives the WHL team possibly one win, on its last leg.

It is, however, Thomas' candid opinion that Spokane would give any club in the WCHL a fight for the money. "Outcome of a Western Canada and either Spokane Flyers or Regina Caps would be a toss-up," he predicts. Spokane's playoffs, come spring. "We had every intention of moving to Kamloops, B.C., to enter the fight for the Allan Cup from there," Thomas said. However, the possibility of a trip to New York, which has all expenses paid, changed plans. "If he doesn't," he says, "I'll leave the matter of play in the WHL, compare with the WCHL. Thomas claims that P. J. McDonald's exit "certainly isn't any rougher."

**ROYALS THE BEST**  
And here's an interesting news for WCHL faithful: Thomas is of the opinion that New Westminster Royals are the only team in the league that could match stride (far aside with Edmonton or Regina. They play it rough and tough and the PCHL, too, he assures.

Thomas was enjoying his best season since he played senior hockey here with Edmonton Canadians. The former New Westminster player and Letbridge Maple Leaf was running sixth in the point derby when he fractured his wrist in a freak accident at Nelson.

**FROM THE GOAL CREEPER**  
Thomas rates Bill Slesinger, last season with Saskatoon Quakers,

## Ah, But Those Were The Days

**NOT THE FISH** but the "scope" that got away may be under discussion as three former Vancouver sports editors this week staged a reunion in Ottawa. Attending the Canadian managing editors' conference are, from left, H. L. Straight, Editor and Publisher of the Edmonton Bulletin and one-time sports editor of the Vancouver Sun; Robert (Bob) Elson, chief of correspondents for Time magazine and former Vancouver Province sports editor; and Hime Kohovsky, managing editor of the Vancouver Sun who once headed the sports department for the Vancouver News-Herald.

## 'Different' Burke Coaching Stamps

In the seasons before the outbreak of the Second World War, Marty Burke was known as a hard-driving coach of Calgary Stampede and other prairie pugilists.

## OLYMPICS MAKE FAT \$119,400

LONDON, Feb. 16.—(AP)—The 1948 Olympic games made a profit of \$119,400.

The preliminary financial statement from Lord Burghley's Olympic organizing committee Tuesday night reported that surplus from the present amateur sports competition in the history.

Gross receipts, mostly paid by 1,247,283 spectators, were \$2,280,000.

**REPLACED ABOUR**  
NEW YORK, Feb. 16.—(AP)—A third match between the replacement of Jack Aboor, filling member of the current Stampede aggregation. Right off there was a difference between the Burke of these times and the pre-war firebrand who didn't hesitate, at least one occasion, to beat some sense into one of his players with his fists.

"We're going to do something about all the quibbling and jawing that accompanies prairie," Burke stated, then he went on to unveil the method he practiced to follow.

"I have instructed the fellows to head straight for the box whenever they get a penalty," he explained. "There's to be no arguing with officials. Last time Stampede visited Edmonton they dropped a 2-2 decision to the home team. That failed to produce a single penalty. Therefore it was not possible for the local coaches to establish whether or not Burke's men were the local coaches about getting into the win-win without waste of time—or words."

**SEE FOR THEMSELVES**  
However, Flyers may have a chance to see for themselves Wednesday night when they head in at Calgary's Victoria Arena for a WCHL tilt against Stampede. If hardly possible the Cowboys will see off Sledfire again, anywhere but with Flyers.

The Allan cup kings worked out Tuesday and coach Frank Curran reported all in readiness for the Calgary jump except that winger Fred Slesinger was complaining of a soreness in one leg. It is expected, however, that Slesinger will enter the game.

Gordon Watt, regarded who was out of the line-up as Flyers pointed on the staggering Saskatoon Quakers for a 15-1 win Monday.

Watt will return to action. While Flyers and Stampede are hard at it Regina Caps, league pacemakers, will be at home to Letbridge Maple Leafs.

**Jasper Place Edges Cromdale**  
Jasper Place edged Cromdale 2-1 Tuesday night in a Community League hockey fixture at the local rink.

Grant Thompson, a 19 point edge over Stampede Andy Clevick and Roy Hime of Vancouver. St. Albert's Joe Benoit, former WHL star, is coaching the Spokane entry.

**A and N Blanks McGregors 5-0**  
A and N blanked McGregors 5-0 Tuesday night in a Maple Leaf Free Wheel tilt at 361 street rink. Ed Kalkach led the attack with two goals, while youngsters left to Gerry Hapchuk, Bert Wilkison and John Bueck.

**BENTLEY, CONACHER TIED**  
Left-wing Roy Conacher and centre Doug Bentley moved further out in the point derby this week to take a commanding lead over the other three shooters in the league. Bentley has only 11 goals left in the season.

Conacher added six points during the week ending Sunday night to move into a tie with linemate Bentley. Each has 22 points and that's just better than any other player. Last week's effort had a two point edge over his colleague—Roy had nine more points than the third place man, Detroit's durable Al Abel.

Abel, while holding third place, managed to pick up another two points to bring his count to 42 made up of 20 goals and 22 assists.

Conacher has 21 goals and 24 assists. Bentley, who has played two line games (42) has 19 goals and 26 assists. Third member of

## Pats Grab Playdown Triumph

Pats showed Pandas something in the way of a "grab ball" variety of basketball Tuesday night to top them for a 60-21 triumph at the RCMP Drill Hall in the first game of the Ottawa Ladies' Basketball league semi-final.

It was a double all the way for Latter Day Saints in the second tilt of the doubleheader as they drubbed RCAP by a 60-31 count.

The team's record in doubt for Pats after they had run up a 25-1 lead at the first break. Eleanor McIntosh rattled the strings for 12 points for the winners. Dorothy Allen added to the Panda misery with a similar number. Doris Nisler topped the losers with eight points.

Each member of the LDS squad was on the payoff list as they pulled to the decisive victory. Saints led 26-17 at halftime and added a 32-14 margin over the regular half.

Dr. Brewerton led LDS attack with 14 points, while Doug Allan netted 12. Roy Crabbe paced the losers, totalling for 15 points.

**PARIS, Feb. 16.—(AP)—**The three-day world figure skating championships were opened Tuesday night with 53 skaters from 11 countries competing.

## Czechs Edge Canada 3-2 In Tourney's Roughest

### Tom Russell Ousted After Battling Two of Winners

STOCKHOLM, Feb. 16.—(CP)—Czechoslovakia defeated Canada 3-2 Tuesday night in the roughest game of the world amateur tournament which promises to have a sequel in international committee rooms.

As fists flared openly in the closing minutes of play, Tom Russell, dropped and battered two Czech players. He was promptly banished to the penalty box—and then told to leave the stadium.

Later officials announced Russell will be taken up by the international hockey tournament's jury.

In other little-known contests Switzerland upset the United States 5-4 and Sweden rallied over Austria 16-0.

There were other wild moments in the Canada-Czech contest. With the score tied 1-1 late in the second period John Kovach lost to the Canadian pressmen and gave the Czech players a goal.

Seconds later Russell joined him in the penalty box, leaving only three men in front of goalie Al Picard.

**"DUBIOUS GOAL"**  
The Czechs stormed to the attack and scored what must have been called a dubious goal when referee G. H. Ahlin of Sweden, Ahlin refused to listen to the Canadian protest and gave Tergesen a 10-minute penalty for "bad sportsmanship."

In between the second and third periods Zdrozky admitted privately he considered Buhala's goal invalid. Most experts agreed.

Swedish spectators, apparently unconvinced to the type of hockey played in the Dominion, booed the Canadian representatives and gave the winners a searing ovation.

**GOAL, RUSSELL SCORES**  
Bauer, Russell Scored. Goal scorers for the Wolves were Ray Bauer and Jim Russell.

It was the first game of the six-team round robin final series for the Canadian team which plays Sweden Wednesday.

In the finals each team plays one game each with the other five competitors. Should a tie occur, a final place result, the winner will be the one with the best for-and-against goal average.

**Howie Meeker Returns to Action**  
TORONTO, Feb. 16.—(CP)—Howie Meeker, Toronto Maple Leafs' right winger who has been out of action with a knee injury, should single Dec. 26, will be in uniform when the Toronto club meets the Montreal Canadiens in a National Hockey league game at Montreal Thursday.

... Talked too much.

## Mercurys, Bears Play Tonight

Clarence Mohr's Vanity Golden Bears, who won the University of Saskatchewan, will clash with Jimmy Graham's Mercurys in an exhibition game, billed for the Vancouver rink at 8:15 p.m. Wednesday.

As the two clubs are slated to compete in the first round provincial intermediate "A" hockey playoff series in the near future, Mercurys and Bears will be feeling each other out in tonight's battle.

Olds as to the outcome are about even. Mercurys' stock is lower than usual due to the fact that the Grahammen have been idle since finishing on top in the Northern Alberta Intermediate "A" hockey league some weeks ago.

Bears, with Cy Thomas, ex-NHL performer, Harry Hobbs, Harry Irving, Joe Mohr and many in top form, are expected to put up a good show of themselves.

# THE BAY'S FEBRUARY HOME FURNISHINGS HOUSE PARTY

Thursday Store Hours: 9:30 a.m. to 5:30 p.m.—Dial 914.

About 6,000 persons saw Katherine Mooney, Joan Penwar, Joy Vandenoever, Joyce Paulus, Pat Bewell and Shirley Winters skate in eye-catching numbers.

## Fine Points Of Province Make Book

People of the United States are reading today that "Edmonton has a mighty future."

This is not an astrologist's prediction but the considered opinion of the author of a tourist's guide book.

Written by S. Cecil Carnes of Houston, Tex., "You Must See Canada" tells Americans about their neighbor to the north and gives useful information tourists would need.

Carnes, public relations director for an advertising agency and well-known journalist, wrote a similar book on Mexico last year.

Alberta, he describes as "The most spectacular of all Canadian provinces."

To obtain his information, Mr. Carnes travelled extensively in Canada. Edmonton, he said, was only observing ancient custom when she gave American soldiers a royal welcome.

"Canada, the travel book states, is 'incomparable' and 'has something for any possible tourist.'"

## City Realtor Dead at 88

A well known pioneer real estate dealer of Edmonton died recently when John Johnson, 88 years old, died peacefully after a long illness.

Mr. Johnson, a native of Ireland, first came to Canada with his parents when he was 11 years old, coming to Edmonton in 1902.

Here, his faith in the city's future was demonstrated by his construction of two residential blocks in the city as well as 65 residences.

He is survived by two sons, Carl and George, B.C., and Edmond of Calgary, and two daughters, Mrs. N. Leavitt of Edmonton and Mrs. Inge Clason of Seattle.

There are five grandchildren and one great grandchild.

## Hospital Board

Regular meeting of the Edmonton Hospital board will be held at the Royal Alexandra Hospital Friday at 6 p.m.

## Typhoid Held As Possibility In Deaths

Doctors at the Camell Indian hospital here said today typhoid fever may have had a hand in wiping out half the population of a tiny Eskimo hamlet deep in the Canadian Arctic.

They said that from remarks made by 15-year-old Kayoomyk who was found to hospital by the RCAF, typhoid followed by acute colitis may have been the "mystery plague" which swept tiny Kesswell Bay, about 1,000 air miles north of Churchill, Man.

The doctors said they had little medical history to go on and if typhoid was not the cause it may have been food poisoning and colitis.

Kayoomyk lost both feet just above the ankles from gangrene. He was disabled during the time the Eskimos and eight others were stricken with disease.

Kayoomyk was taken to Fort Ross, 56 miles south of Crowsnest Bay, with the other survivors, apparently four of five women and one of two children. There he and another Eskimo, Kayovov, about 55, were put aboard an RCAF Dakota, one of two sent from Edmonton on the mercy flight.

One of the planes landed on an emergency strip laid out by a frigate, Ernest Lyle, who evacuated the Eskimos from Crowsnest Bay. Only Kayoomyk and Kayovov were put aboard the plane. The others apparently are recovering.

Dr. J. P. Harvey of the Indian hospital here, who accompanied the two Eskimos, said two RCMP officers from Cambridge Bay were making the 25-mile trek to Fort Ross to help the remaining Eskimos.

## Alberta Essays Win Prizes

Two essays dealing with Alberta have won prizes awarded by the University of Alberta and the United Nations Yearbook.

"Potential Land of Crowsnest," by Mrs. Sophie Anne McKenzie, of 10003 67 avenue, won \$25 as first prize in one section, "Economic and Industrial Future of Alberta."

In section two, "Artistic Opportunity in Alberta," the prize of \$25 was won by A. E. Nelson, student at the University.

Special award was made to Mrs. Milwyn Adams-Davies of Edmonton, and honorable mention was awarded to Mrs. E. R. Hartman, Mrs. Claudia James, Mrs. Evelyn Cameron and Mrs. Armstrong.

Winning essays will be published in the yearbook.

## False Cheques Lead To Jail

A man who claimed that battle fatigue was the cause of his misdeeds was told that he had "more excuses" and sentenced to six months in jail on each of three charges of preference.

The sentences are to be concurrent.

Clifford T. Ashton, who had previously pleaded guilty to the charges, appeared before Magistrate Milne in police court yesterday.

A veteran, Ashton claimed that he has spent two years in hospital and undergone 11 different operations since his discharge. He said the only relief he could get from his neuritis was to drink.

Charges arose, court was told, from dealing in false cheques last month, all amounting to \$25.

## Westgen Students To Present Play

Teen-agers will give their own interpretation of a famous play about youngsters who studied at Westgen High School present "What a Life" at the school auditorium March 3, 4 and 5.

The play is the original Henry Aldrich vehicle and was adapted for motion pictures and radio series.

The production will be directed by Miss G. Menzies, Westgen dramatics teacher. More than 100 students, including members of the cast and stage directors, will participate.

A grand plant of iris and flowers.

## Plans Made to Organize 5,000 Oil Workers Here

### SYNTHETIC TIRES CAUSING TROUBLE

One of the 1,100 by-products of oil, butyl type (synthetic rubber) inner tube tires are causing Edmonton motorists more than ever to worry about proposed increases in transit system fares.

Cold weather causes the inner tubes to expand in the casing and crack. Outer tubes, which are a combination of butyl and pure rubber, stand up to cold much better, tire shop owners reported.

With shortages of anti-freeze and frigid windscreens, cold motors and icy streets, the trials of the winter motorist have reached a point where many are putting their automobiles away for the winter and using the transit system.

Synthetic rubber tires were developed during rubber shortages of the war. They are gradually disappearing from the market.

## Credit Groups Elect City Men as Officers

Two Edmonton men were elected presidents of Edmonton credit groups at the recent joint annual meeting of the Credit Grantees' Bureau Limited and Credit Grantees' Association of Edmonton.

K. G. Montgomery, of Sterling Finance Corporation Limited, heads the Credit Grantees' Bureau for 1949 and C. McDaniel, of Dittich Men's Shop, is the new president of the Credit Grantees' Association.

Vice-presidents of the Bureau are Frank E. Brennan, C. Woodward and C. H. Williams. The Credit Grantees' Bureau is secretary-manager, and Cecil Sutherland, John Walker Ltd., is treasurer.

Directors elected were W. David Hovard, Hudson's Bay Company, Reginald Heath, Sterling Furniture Company, Ltd., Hagar A. Marz, Canadian Bank of Commerce, William K. Forbes, T. Eaton Co. (Western) Ltd. and H. Stanley Clark, W. H. Clark Lumber Company.

GRANTEES' ASSN. Officers and directors elected to the Credit Grantees' Association were Mr. Brennan, vice-president, and Mr. Williams, secretary-treasurer.

Directors named were William Clyde, Personal Loan and Finance Company, K. M. Dunlop, Johnstone Walker Limited, L. Lamont, K. M. Dunlop, J. A. Alexander, Prudham Building Supplies, P. M. Ramsay, J. A. Werner, Hovard, Ltd., W. Pettigrew, Campbell's Furniture Limited, and Miss C. Hagar, Walk-In-Rite.

Mr. Alexander and Mr. Ramsay were appointed to the membership committee, and Mr. Lamont and Miss Hagar were appointed to the program committee.

Inquest Continues Next Wednesday

Next into the death of William Jackson of Sylvan Lake will be held at the city police morgue Wednesday, February 23, at 2:30 p.m.

Body was identified by Archie Lee, 1147 122 street, at Constable McKinnon's funeral home Tuesday.

Jackman died in an Edmonton hospital Sunday from injuries received in a traffic accident, February 8.

Charges arose, court was told, from dealing in false cheques last month, all amounting to \$25.

## Revenue Increases Free Church Debts

Substantial revenue increases at St. Michael and All Angels Church in North Edmonton were reported to the annual meeting of the congregation, held recently at the home of Mrs. O. Byers.

During 1948 church revenue was almost double that of 1947, and the church is now debt-free.

Financial statement of the Women's Auxiliary and of the Sunday School also showed satisfactory increases.

During the year the Women's Auxiliary provided the choir with supplies and hats, and was also responsible for the installation of gear for heating the church and hall.

The meeting elected C. J. Adams as rector, warden and S. A. Noble as people's warden. W. J. Harrow, A. Green and Mrs. D. Clark were elected to the vestry and W. J. Harrow was elected lay delegate to the synod.

Britain's engineering, shipbuilding and electrical goods industries output in 1948 was 20 to 25 per cent higher than in 1947.

## Labor Union Drive To Cover All Men

Concerted drive to organize 5,000 oil workers of Alberta as a CIO affiliate of the International Oil Workers' Union is now under way.

This was announced today by T. A. McCloy, international representative of the Oil Workers' Union of America, International Congress of Labor.

McCloy is regional director of the Canadian Congress of Labor.

McCloy said that organization is already far advanced in the Calgary and Turner Valley fields. New organizers are moving into the oil fields which will not be asked to join. Unions already functioning in the oil fields are supporting the drive to organize the oil workers, he explained.

The campaign in this area will be carried on for the next two months. All Canadian Congress of Labor affiliates in Alberta are supporting the drive to organize the oil workers, he explained.

CAMPAIN ON Paper letters have been mailed to the thousands of oil workers throughout the province urging them to join the International Union.

Objectives of the new union will be to maintain a high standard of wages and working conditions, to provide security in employment for all its members.

Uniform wage scales and hours of work throughout the industry will also be sought.

Representative McCloy said he is meeting with virtually no opposition from oil companies.

Juveniles Blamed In Entry Attempt

An attempted break-in, believed to be the work of juveniles, was reported at the new Victoria composite high school Monday evening.

Herbert Thompson, 1215 Field Ambulance Corps, He was a member of the Army, Navy and Air Force Veterans Association, and former member of the Patricia Lawn Bowling Association.

## City Trio Convicted On Break-in Charge

Three Edmonton residents, Kenneth and Arnold Myer, and Nick Amato, were found guilty Tuesday by a supreme court jury of a charge of breaking and entering.

The trio were jointly charged with breaking and entering a room in the Stovel block and stealing a steel cash box containing \$50 and a quantity of valuable papers property of Harold Christiansen.

Mr. Justice Boyd McEwen remanded the three accused in custody until 2 p.m. Friday for sentence.

Lengthy records of the three accused were read into the court record by W. J. Shortt, crown prosecutor. Several previous convictions for breaking and entering and theft were recorded against each of the accused.

## SHOPPING GUIDE

New-Fangled Affair  
For Basting Meats

By Bea Thrifty

Everything is up to date in Kansas City. And we aren't so very far behind. Why Land O' Goshen... we even have new-fangled outfits for basting the Sunday roast.

It looks suspiciously like a huge eye dropper. Actually this new sort of brand new gadget works on the same principle as same eye dropper.

## Household Arts

By Alice Brooks

Fillet crochets dillies all ruffled and springlike, done from easy-to-follow charts. Just the thing for buffet or dresser sets.

Fillet crochets that are different and so interesting. Pattern 7438 has charts and directions.

Our improved pattern — visual with easy-to-use charts and plans, and complete directions — makes needlework easy.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto 1A, Ontario.

February 11 to March 11 (Pisces) — You can't get the big prize. You can't get the big prize. You can't get the big prize.

## YOUR BABY AND MINE

Baby Will Soon Find  
Three Meals Enough

By Myrtle Meyer Edred

The time to put a baby on three meals a day is when he shows, unquestionably, that he is uninterested in eating any more frequently.

This distaste for four or more meals may crop up as early as the third or fourth month in the well-fed, bouncing baby, and certainly by the sixth month. It goes this way, as one mother describes it, "I offer him 8 ounces of milk at 2 o'clock, and he only takes about 2 ounces of it. Then he pushes the bottle away."

Perhaps it may be at the 10 o'clock feeding that the appetite lags, but whenever it is the child makes no attempt to eat the food, or he only takes the full bottle of milk put before him. He is quite satisfied without it.

There is never any harm in switching to three meals if the mother discovers that all the meals are not being cordially received. If the baby doesn't sleep as well, or acts hungry on the fewer meals, then by all means increase the diet or go back to four meals again.

Even on fewer meals the baby should not be deprived of any of his necessary nourishment. For he gets all the food he had previously in four meals, served at less frequent intervals. In most cases, he accepts all that is given him with greater appreciation for it.

It is pretty difficult to embark upon a three-meal plan if the baby is waking too early in the morning. It might be wiser to start such a program when the baby can wait until at least seven in the morning for the first meal.

The other meals of the day will then come at 11 to 11:30 a.m. and 5 to 5:30 p.m. And this means all the food the baby eats and all the milk he drinks will be served at just those hours.

The three-meal schedule is just as satisfying to the baby and to his parents as well. It is provided, of course, that the whole diet is generous and well-balanced one.

Our leaflet No. 23 "Three Meal Schedule" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Edred in care of this newspaper.

## Patterns

By Anne Adams

Just what you've always wanted! A reversible jacket! Here it is, assembled with a dress-making pattern 4560, size 12, 14, 16, 18, 20.

Style 4560, size 12, 14, 16, 18, 20. Size 16, chest, 34 in.; waist, 28 in.; length, 24 in. Contrast.

This pattern, easy to use, simple to sew, is tested for fit. It is complete illustrated instructions.

Send twenty-five cents (25¢) in coins (stamps cannot be accepted) for this pattern. Print plainly size, name, address, style number.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street W., Toronto 1A, Ont.

Please allow a week or ten days for delivery.

Girl Guides  
Discusses Plans

First meeting of the new divisional commissioner of the North Edmonton division of Girl Guides was held recently at St. Stephen's.

Divisional commissioner, Miss Gwen Rhy, introduced Miss Beatrice Payne, new divisional secretary.

Miss Betty Freeman, divisional treasurer, Miss Helen Leask, divisional press representative.

Representatives of southeast and east local associations present were Mrs. C. H. Willie, Mrs. B. Coull and Mrs. J. Haydon.

Plans were discussed for Guide-Scout week, including a annual meeting and cookie sale.

Mountie Slated  
To Address HSA

Const. Daniel McNaughton will speak at a meeting of the Rutherford House and School Association at the school Wednesday at 8 p.m.

Other items on the agenda include a business meeting. A report by Mrs. W. D. Pollack on "The Years Work Rutherford HSA."

Frames, they presented an interesting arrangement.

Each print sells for a pittance of 25¢.

Obviously they're no collectors' items, but with the right furniture, drapes and rooms they could be smart. They're hidden away in a 'glass' shop, so they won't sell in a minute.

## BRIDGE

Horse Sense Tells  
How to Make Bid

By William E. McKenney

A survey made by the Association of American Playing Card Manufacturers brought to light the fact that there are playing cards in 100 per cent of the homes in the United States—that is more homes than have telephones, radios or automobiles.

I often wondered when I would love with me and we are perfectly congenial, but I don't love him and could part from him without a pang.

Can you straighten me out? I am in my first forties.

MATILDA H. ANSWER—Well, I think congeniality is the very bedrock of a successful marriage. The only husbands and wives who never get on each other's nerves are those who have the same point of view.

The only husbands and wives who never have each other are those who are interested in the same things, who enjoy the same things, who like to do the same things.

The only peaceful homes are those in which the husbands and wives agree on the fundamental

losing heart on the Jack of clubs, and protects his trump holding.

Now there is nothing the opponents can do to hurt him. If a diamond, led, dummy's ace wins, the trumps are picked up and all of declarer's diamonds are gone.

There are six trumps out, and the odd favor that they will be divided 4-2 rather than 3-3. Declarer has a solid heart in his hand. Therefore, using a little horse sense, he just discards the

Houses for Sale (57) Houses for Sale (57)

**REVERSED LEAVE** puts General Dwight D. Eisenhower (right) back in the Pentagon Building in Washington where he discusses defense plans with James V. Forrestal. "He" was granted leave from his job as president of Columbia University to take job as military consultant.

## More Careful Farming Urged by Minister

WESTLOCK, Feb. 16.—Warning that erosion was causing incalculable damage to the farm lands of this province, Hon. David A. Ure, minister of agriculture for the province, told a meeting of members of the Westlock and district Agricultural Society here Saturday night that there was a great need for more careful farming practice throughout the west.

The speaker indicated that agricultural societies could have much influence in promoting farming practices that would ensure a greater long time return to the farmers. He also declared that such societies could promote greater interest in things agricultural and in improving farm produce by the younger people growing up to take their places on the land.

The minister, who was introduced by chairman L. Hild, was accompanied to the meeting by R. M. Putnam, director of agricultural extension for the province. In a brief talk, Mr. Putnam told of the history of the society according to the records in his office and offered the support of the department in future undertakings.

The meeting was a revival of the annual Agricultural Society dinner and was attended by more than 80 guests. The dinner was prepared by the ladies of the W.I. representing the town at the meeting was Councilman M. Watt and the board of Trade, L. Teller.

Following the several addresses from the speakers' table, the meeting viewed several films of agriculture nature, and enjoyed a brief skit staged by Mrs. M. Watt and Mrs. A. Bentley, as well as a singing.

## Lawrence Rink Wins Challenge

## Town Vegreville Betters Position

VEGREVILLE, Feb. 16.—Opening of the annual Vegreville men's bospital together with several other public events diverted attention from municipal affairs with the result that the annual ratemakers' meeting failed to draw the usual crowd to the town hall Monday evening.

Reports, however, presented by the mayor, the secretary-treasurer and the chairman of the various committees of council revealed that in spite of liberal expenditures for utilities and public works as well as increased educational costs, the financial position of the town had been improved to the extent of \$12,000 during the year.

Total assets of the town after liberal allowance for depreciation, amount to \$315,708 against a debt of \$115,884 and a floating debt of only \$12,284. Cash on hand together with investments in the form of bonds and debentures total over \$40,000.

Mayor McClure mentioned in his report that 66 building permits representing construction of an estimated value of \$320,000 had been issued during the year, and as a result of activity on the part of representatives of the National Housing Act, he expected to see a vast boom in the building industry. He also mentioned that steadily increasing school regulations during the last few years had resulted in the town's school board being forced to increase the tax rate, but hoped that the latter had now reached a peak and that reductions in the Army.

It would be possible as a result of a broadened assessment base. F. W. Laing, chairman of the finance committee reported 100 per cent tax collections and greatly increased earnings by the waterworks system as a result of extensions completed during the year. Over 60 new house connections had been made.

Discussion at the meeting of the public school board which followed, centred on a proposal to join the large Vegreville Divisional nominations for councilors and school trustees took place on the 14th.

## Active Club Hears District Governor

RED DEER, Feb. 16.—Members of the Red Deer Active Club enjoyed a visit from Harris Hogan of Missoula, Montana, Governor of District No. 5, at their last meeting. Mr. Hogan spoke briefly and indicated two new members. President J. D. Engstrom was chairman of the meeting which was held under the auspices of the club.

## PUPILS ASSIST JR. RED CROSS

BAWLBY, Feb. 16.—Junior Red Cross group of room 2 under the direction of Mrs. A. Peacock, sponsored a Valentine tea on Feb. 14. Grade 3 acted as Valentine messengers and grade 4 was in charge of serving. A good attendance of pupils was reported, the group realizing \$12.00 for the Junior Red Cross.

## Vegreville 'Spil Gets Under Way With 42 Entries

VEGREVILLE, Feb. 16.—Vegreville's annual bospital got under way Monday morning with 42 out of 42 rinks entered participating in play during the day. Sixteen outside rinks are taking part.

McAdden, Manville, Cantrill, Vegreville, G. Warren, Vegreville; Barker, Manville, Nichol, Vegreville; Johnston, Mundare and N. Warren, Vegreville, were first-round winners in the Grand Challenge in the early days.

In the Merchants competition, first game winners were: Murdoch, Vankin, Zaccary, Vegreville; Johnston, Mundare; Gehring, Vegreville; Truman, Viking, Herchuk, Vegreville; Nichol, Vegreville; Minchin, Vegreville.

In the Alberta Hall event, confined to Vegreville rinks, Gehring, Locke, Zaccary, Herchuk, Belcher, Steel and Tillspeugh won their first games.

Three-quarters of all Canadian pulp and paper products are exported.

## Seed Cleaning Plant Now Appears Assured

WETASKIWIN, Feb. 16.—A seed cleaning plant for Wetaskiwin is now practically assured. In spite of severe weather and drifted roads which have greatly impeded the work of the committee who were chosen to seek the farmer contributions, more than \$7,000 has already been collected.

It had been hoped to reach the objective of \$10,000 by Feb. 15, but there are many districts in which no canvass at all has been made. In the meantime officials of the Board of Trade have been in touch with local Canadian Pacific officials and the indications are the site for the new plant will be between the Macfadden Mill and the National Elevator Company.

The seed cleaning plant is to be constructed under the three-way plan by which the government puts up \$10,000, the municipality \$10,000 and \$10,000 raised by farmer subscriptions. O'LEARY, P.E.I.—(CP)—Shavers are still 15 cents here. Barbers would lose customers if they put up prices. It's the law of diminishing returns in relation to barber-shop income.

**Remember the Date**  
**Friday, February 18th, 1949**  
For that is the evening when the  
**JASPER PLACE COMMUNITY LEAGUE**  
**Ice Carnival**

takes place with a grand program . . . fancy skating (Miss Peggy Newlands in charge) . . . and fun for everyone. Come to the carnival . . . See the new Community Hall.

Admission is 25c for adults, 10c for children  
**Everyone Is Welcome!**

**Cleric is Named Juvenile Judge**  
HIGH PRAIRIE, Feb. 16.—Father A. J. Gould, of High Prairie has been named judge of the juvenile court and also judge under the Juvenile Offenders Act by order of the Executive Council.

One of the earliest ways of measuring time was by burning a stick.

- Genuine Leather Upholstery Throughout

# VAUXHALL

Now the world-famous British Vauxhall is available in Canada, backed by the great General Motors organization. Traditional British craftsmanship shows in every detail of this sleek 6-cylinder sedan. Just to examine a new Vauxhall is to understand why British products are so famous for high quality. Wherever you look you see the extra touches that mark a really well-built product . . . and that means you will be proud to own a Vauxhall!

Come in and see the fine new Vauxhalls today—at any of the dealers listed below. All are equipped now to supply Authorized Parts and expert maintenance service on Vauxhall.

**ECONOMY!** Usually high power-to-weight ratio means Vauxhall owners get high performance combined with the utmost in economy. Your gasoline is not used to move unnecessary weight—you go farther on every gallon of fuel. Six-phase carburetion further increases fuel economy. And maintenance bills are low, for Vauxhall has been carefully engineered for ease of servicing.

**EASE OF DRIVING . . . EASE OF PARKING!** Driving is a special pleasure in this nimble car. Short turning radius makes parking effortless—and heavy traffic no problem at all. A grand car for shopping! Steering column gearshift, sealed beam headlights, big hydraulic brakes, electric windshield wipers, and extra vision all-round are other important contributions to driving ease and confidence.

**HIGH PERFORMANCE!** Vauxhall's heavy six-cylinder engine is a real power plant . . . delivers all the power you'll ever need for spurt-away starts or the steepest hills. You cruise easily at high speeds with always a feeling of power to spare.

You'll be startled with the ease, smoothness and quietness with which Vauxhall attains and keeps its cruising speed. Superb engineering and ideal power-to-weight formula do that for you!

**COMFORT!** Just relax into Vauxhall's body-contoured seats—you'll say this is real comfort! Solid leather upholstery makes it so easy to slip in and out of a Vauxhall, too! And this car is roomy—roomy all ways. Head room, foot room and elbow room are all generous. And smooth riding on any roads is assured by such fine-car features as independent front-wheel suspension and double-acting hydraulic shock absorbers front and rear.

**ATTRACTIVE STYLING!** There's an ample look to Vauxhall, starting right from its broad, chromium-plated grille. You get a feeling of well-groomed smartness, inside and out. Interior finish includes such conveniences as front-door map pockets, arm rest in centre of rear seat, spring-spoke steering wheel.

**T. EATON CO. WESTERN LIMITED**

yes... I'm ordering TWO  
**EATON Made-To-Measure**

*Moth-Resistant\**

**TROPICAL SUITS NOW...**

and here are my reasons

**Why two?**...because I won't need to swelter in a heavier-weight suit when one Tropical is at the cleaners if I have another cool, lightweight Tropical suit to slip on. I'll stay comfortable every warm day!

**Why now?**...because I know I'll get the best selection right now...because I know it's so easy to put things off until too late, and that by ordering now I'll make sure I have my Tropical suits (made with all the extra comfort and smartness of Made-To-Measure fit and tailoring) ready in good time for the first warm day that comes along!

**Why EATON'S ?**

• because I can choose from EATON'S greatest selection in years of English Tropical Worsteds and American Rayon Tropicals...In **TWENTY SHADES!**...In **SOLID TONES! STRIPES! GLEN CHECKS! and CROSS CHECKS!**

• because I know that every EATON'S Made-To-Measure Tropical Suit is **MOTH-RESISTANT\***... scientifically treated to resist moth damage for the normal life of the suit!

• because EATON'S Made-To-Measure offers a special group of Tropicals treated for **CREASE-RESISTANCE**... and that will help keep my suit looking fresher, longer!

• because I get the benefits of EATON Made-To-Measure tailoring, individual fit, up-to-the-minute styling!

**For your TROPICAL SUIT...** order two!... order now (and whether you order one or two, it's still a wise move to act now!)... order at EATON'S!

Two-Piece Suit **\$40.00**

\* This effective MOTH-RESISTANT treatment, tested and approved by EATON'S Research Bureau, renders the fabric unfit as food for moth larvae, and therefore keeps it free from moth damage. The treatment does not change the feel, looks, color or durability of the fabric.
